DR. J. COLLIS BROWNE'S

Chlorodyne.

CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c.

ALL PAIN, VOMITING AND DISTRESS ceases in a few minutes after taking a dose of that wonderful SEDATIVE ANODYNE and ANTISPASMODIC remedy, CHLORODYNE, discovered by Dr J. Collis Browne M.R.C.S.L., (ex-Army Medical Staff,) the recipe of which was confided solely to J. T. Davenport, 33 Great Russell street, Bloomsbury square, London (Pharmaceutical Chemist). The medical testimony of civil, hospital, military and naval practitioners pronounces it INVALUABLE. It relieves pain of any kind, soothes the restlessness of fever, and imparts the most refreshing sleep, without producing or leaving any of the unpleasant effects of opium.

From W. Vesalius Pettigrew, M.D., Hon. F.R.C.S. England, formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine: "I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most perfectly satisfied with the results."

Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhœa."

From C. V. Ridout, Esq., Surgeon, Egham: "As an astringent in severe Diarrhœa and an antispasmodic in Colic and Cramps in the Abdomen, the relief is instantaneous."

Chlorodyne—Vice Chancellor Sir W. P. Wood on Jan. 11, pronounced "that it is clearly proved before the court that Dr. J. Collis Browne was the original Inventor and discoverer of a remedy well known as Chlorodyne, and so highly appreciated in India, China, &c."

Extracts from the General Board of Health London, as to its efficacy in Cholera.

1st Stage of Premonitory—In this stage the remedy acts as a charm, one dose generally sufficient.

2nd Stage, or that of Vomiting and Purging—In this stage the remedy possesses great power, more than any other we are acquainted with, two or three doses being sufficient.

3rd Stage, or Collapse—In all cases restoring the pulse. So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of using it in all cases.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery." To it I fairly own my restoration to health after eighteen months' severe suffering, and when all other medicines had failed."

Caution—Chlorodyne—In Chancery.

It was clearly proved before Vice-Chancellor Sir W. P. Wood, by affidavits from eminent hospital Physicians of London that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's.—See Times, Jan. 12, 1864. The public, therefore, are cautioned against using any other than Dr. J. COLLIS BROWNE'S CHLORODYNE. No home should be without it. Sold in bottles, 2s 9d and 4s 6d, by J. T. Davenport, 33 Great Russell street, London, W. C., sole manufacturer. Observe particularly, none genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government Stamp. ju24 1yw

HEADQUARTERS DEPARTMENT OF PACIFIC,
San Francisco, March 14, 1865.

ALLEN FRANCIS, Esq., U. S. Consul, Victoria, V. I.,

SIR,—I enclose herewith copies of my General Orders No. 18, of March 11th inst., which it may be well to have published in Victoria to the end that all persons intending to come from the British Provinces into the United States may obtain Passports, either from you or the authorities of the country to which they belong.

Very respectfully, Sir,
Your most obedt Servant,
IRWIN McDOWELL,
Major General Commanding Department.

HEADQUARTERS DEPARTMENT OF PACIFIC,
San Francisco, Cal., March 11, 1865.

GENERAL ORDERS, No. 18.

1. The following measures will be taken to enforce General Orders No. 308, from the War Department, of December 29th, 1865:

All vessels coming into the port of San Francisco from a foreign country, will be boarded by an officer as soon as practicable after their arrival, and no passenger from a foreign country will be allowed to land without a proper passport.

II. Passengers coming mediately from New York by the Isthmus, or from Oregon by way of Vancouver Island, will not be considered as coming from a foreign country. Masters of steamers plying on those routes will make a separate list of their way passengers, and give it to the inspecting officer as he comes on board.

III. Passengers going hence to Oregon by way of Vancouver Island will not be required to procure passports.

IV. A separate list will be made of passengers coming on board of steamers at Vancouver Island for Oregon, and will be given to the inspecting officer, who will come on board at Cape Disappointment.

By command of Major General McDowell,
R. C. DRUM,
Assistant Adjutant General.

GENERAL ORDERS, No. 308.

WAR DEPARTMENT,
Adjutant General's Office,
Washington, Dec. 29, 1864.

PASSPORTS FOR PERSONS COMING FROM FOREIGN COUNTRIES.

The following order of the President, received from the Department of State, is promulgated for the information and government of all officers in the military service whom it may concern:

DEPARTMENT OF STATE,
Washington, December 17, 1864.

The President directs that, except immigrant passengers directly entering an American port by sea, henceforth no traveler shall be allowed to enter the United States from a foreign country without a passport. If a citizen, the passport must be from this Department, or from some United States minister or consul abroad; and if an alien, from the competent authority of his own country; the passport to be countersigned by a diplomatic agent or consul of the United States. This regulation is intended to apply especially to persons proposing to come to the United States from the neighboring British Provinces. Its observance will be strictly enforced by all officers, civil military and naval, in the service of the United States, and the State and Municipal authorities are requested to aid in its execution. It is expected, however, that no immigrant passenger, coming in manner aforesaid, will be obstructed, or any other persons who may set out on their way hither before intelligence of this regulation could reasonably be expected to reach the country from which they may have started.

WILLIAM H. SEWARD,
By order of the Secretary of War,
E. D. TOWNSEND,
Assistant Adjutant General.

HOLLOWAY'S PILLS.

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? Here is one:—Drink but little wine, beer, or spirits, or far better, abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of the Pills every night; eat plenty of solids, and avoid the use of slops. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.

Mothers and Daughters

If there is one thing more than another for which these Pills are so famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous, and renewing suspended secretions. Universally adopted as the one grand remedy for female complaints, these Pills never fail, never weaken the system, and always bring about what is required.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief after all other means have failed.

Stomach out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm—in fact they never fail in curing all disorders of the liver and stomach.

Bronchitis, Diptheria, Coughs and Colds.

No diseases are more frequent, few more dangerous, than affections of the respiratory organs. The first symptoms of disordered action may always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of the blood, relieve the overgorged veins, moderate the hurried breathing, and enable the windpipe and lungs to perform their functions with ease and regularity. These Pills, by their purifying powers cleanse the blood from all impurities and thus fortify the system against consumption, asthma, and other pulmonary complaints.

Debilitated Constitutions

In cases of debility, languor, and nervousness, generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of disease, re-establish the digestion, regulate all the secretions, brace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigor.

Biliousness, Loss of Appetite, Headache, and Lowness of Spirits.

These Pills effect a truly wonderful change in debilitated constitutions, as they create a healthy appetite, correct indigestion, remove excess of bile and overcome giddiness, headache and palpitation of the heart.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague
Asthma
Bilious Complaints
Blotches on the Skin
Bowel Complaints
Colics
Constipation of Bowels
Consumption
Debility

Dropsy

OUR DEFENCES.

In our issue of yesterday we endeavored to show how erroneous were the opinions held by some of the leading statesmen and leading journals of Europe on American affairs,—how the old pet idea of republican despotism and republican aggression was nourished with a care that has enabled it to outlive all modern experiences. Error, however, in the course of time disproves itself, for it is ever indulging in the inconsistent and incompatible. We have, for instance, the London *Times* asserting one day that the Northern States are hopelessly bankrupt—that if the South can only maintain the war for a little while longer hostilities will cease through the sheer exhaustion of the Federals—and on the next it is declared that so soon as the strife terminates the Cabinet at Washington will insist on war with England. One might naturally inquire why, if a country through want of means is incapable of subduing a rebellion within its borders, it should be found sufficiently equipped and sufficiently powerful to wage war against the wealthiest nation in the world. The absurdity of the position does not seem to strike the *Times*, nor is it very palpable to some of the public speakers; for we observe the same contradictory reasoning and the same conflicting statements iterated and reiterated to the end of the chapter.

The American war is, however, at length over, and the immense army, according to the European theory, will require employment on new battle-fields. In view of this contingency Great Britain prepares her vulnerable territories for defence. It is useless on our part to show that a nation which has been spending its million of dollars a day on war alone, and accumulating upon its shoulders a monster debt, can have but one policy, and that one peace. Ten years of undisturbed industry will place the United States in a better position financially than it was ever in before, but a removal of battle-fields from one part of the continent to another—and a change of naval warfare from the rivers and harbors of the Southern States to every ocean and every sea, would be a death-blow to the prosperity of the country for the next century. No policy could be more destructive, and we cannot for a moment imagine any man of influence or any party of men in the neighboring Republic advocating a measure so glaringly suicidal. The chances of war are at the best uncertain, but were the American people indubitably assured of the possession by force of arms of all the British territory in North America, it would not compensate them for the damage which they would sustain in other respects from war with Great Britain. England is in a similar position with regard to the United States: no success, however great, could repay her for the commerce which would be destroyed, the trade which would be crushed, and the outcries which would emanate from a starving population. Yet, although morality and expediency would be both outraged by so unnatural a contest, we cannot close our eyes to possibilities, and the follies that are as inherent in nations as in individuals; and this brings us to the consideration of our own helplessness in the case of a war with our American neighbors.

While elaborate preparations are being made for the defence of the British territory east of the Rocky Mountains—while the English Government are willing to contribute £200,000 towards erecting fortifications at the various strategic points in Canada—Vancouver Island and British Columbia are left pretty much to take care of themselves. Before the advent of the American war our well manned and ably commanded naval vessels would have been ample for every emergency; but that day has gone by. The art of naval warfare has been revolutionised, and our Esquimalt squadron, however efficient and however brave, would would be but a poor match for the force which the Americans could bring againt us. One iron-clad would destroy every vestige of our defence, and would lay Victoria in ashes in a couple of hours. In fact as we at present stand, we would have no resource but to surrender, and the whole British territory west of the Rocky Mountains would fall like an over-ripe apple into the lap of the United States. This is by no means a gratifying prospect, yet it is one, look what way we will, which places itself imperatively before us. If we wish to retain possession of these colonies, we must, or rather the mother country must, adopt a more effective means of defence. We must take a leaf from our neighbor's dearly-bought experience, and rely on land fortification or iron-plated vessel. If we do not—if Her Majesty's government value the territory at so small a figure as to leave things as they are—there is but one alternative in the case of war, and that is quietly to succumb. There is something in this picture too mortifying to Englishmen, and we think some steps should be taken, now that the subject of colonial defence is receiving so earnest an attention in England, to place our helpless condition clearly before the Imperial authorities. The subject of fortifying Esquimalt and Victoria has been frequently talked about, and there has been rumor after rumor to the effect that Her Majesty's Government were going to carry such a system of defence into immediate practical operation, but so far we have yet to see the first workman employed. Independent of the local benefit which would accrue from the construction of a line of defensive works in our vicinity, the national necessity which exists for a more effective means of protection than wooden walls is sufficient to induce both the Governor and the Legislature to place the matter forcibly before the Imperial Government.

THE ALABAMA CLAIMS.—As considerable misapprehension exists regarding the alleged claims of the United States Government against England for losses occasioned by the Confederate cruisers, the following questions with the replies given in the House of Commons may not be uninteresting: Lord C. Cecil inquired whether any communications had been received during the last six months at the Foreign Office from the American Government or the American Minister demanding compensation for losses occasioned to citizens of the United States by the operations of the Alabama or other vessels commissioned by the Government of the Confederate States. Mr. Layard replied in the negative. Mr. Bright followed up Lord R. Cecil's question with another—Whether it was true that the British Government had very numerous claims against that of the United States arising out of circumstances connected with the war. Mr. Layard said that there were many such claims, and that they had been forwarded to the Government at Washington.

MONTEVIDEO AND BRAZIL.—Lord Palmerston stated recently in the House of Commons in reply to a question asked by Mr. Maguire that by the last accounts from South America attacks were likely to be made on Monte Video by the sea forces of Brazil and the land forces of General Flores, assisted by a small Brazilian force. The commander of the British naval forces in the River Plate had remonstrated with the Brazilian commander on the assumption that he intended to bombard the town of Monte Video, and had urged strongly that precautions should be taken to protect the persons and property of foreigners, of whom a great many were British subjects. He was sorry to say that the war was carried on on principles that were not very congenial to the feelings of Europeans, but the Government of her Majesty were not interfering except by earnest representations for the security, as far as possible, of the persons and property of foreigners.

VAGRANCY.—Two men named Wm. Jackson *alias* Craig and Charles Crnix, arrested by Serjeant Wilmer, were charged with loitering about the streets at an unseemly hour of the night and unable to give any account of themselves. The officer heard a whistle, and thinking it was sounded by one of the force proceeded to the spot where he found the two men loitering about and unable to give a satisfactory account of themselves, believing that the whistle had been sounded for the purpose of drawing off the police in order to commit a felony he arrested the prisoners. Inspector Welch stated that both of the accused had been previously convicted of offences. Jackson said he was in the employ of Mr. Simpson of Saanich. Crnix was out of employ. The Magistrate remanded the case for further enquiry.

STEALING SPIRITS.—Charley, a Hydah Indian, was charged in the Police Court yesterday by Mr. R. Robertson with stealing a case of gin of the value of $6 from the premises of Messrs. Pattrick & Co. of Government street. The complainant stated that he saw some person enter the spirit store, and immediately afterwards heard a rustling noise among some cases of gin. Saw the prisoner crossing the street with the case in his possession and deposit it in the open lot. Complainant pursued, caught the prisoner and gave him in charge. Prisoner denied that he was the Indian who "cape swallowed" the gin. Inspector Welch said he was an old offender, and was convicted in December last of stealing champagne from Messrs. Elliott & Stewart. Another witness was called and prisoner was convicted and sentenced to three months' imprisonment.

THE QUEEN'S BIRTHDAY.—His Excellency the Governor requested a few gentlemen to meet yesterday at the Government Buildings and confer with him as to the most suitable manner of celebrating the approaching anniversary of Her Majesty's birthday. A provisional committee was formed with power to add to their number, and it was decided to give a Ball under the patronage of His Excellency at James' Bay. Due notice will be given through our columns of the programme as soon as it is completed.

MARRIAGE IN HIGH LIFE.—We recently mentioned that a marriage was about to be solemnized in England between the Hon. Mary Lascelles, sister to the Earl of Harewood and to the Hon. Horace Lascelles of H. M. gunboat Forward, and the Hon. Robert Meade. The happy bridegroom elect is the son of the Earl of Clanwilliam and brother to Lord Gilford of H.M.S. Tribune.

DISCHARGED.—Dr. Walker, who had been ordered into the custody of the gaoler for safe keeping, was yesterday liberated, the Magistrate informing him that there was no charge against him, but that of having been unable to take care of himself. The doctor thanked the Magistrate and withdrew, stating that he might have to seek further interference for the protection of his property.

ELOCUTION CLASS.—The election of officers for the ensuing season, took place last evening. For the office of President, Mr. R. Wallace; Vice President, Mr. Bebbitt; Secretary, Mr. S. J. Weeks; Committee, Messrs. Searby, Crauford, Dissatt, Duncombe, and Pratt. There were a few recitations. E. G. Alston, Esq., presided.

THE DIVAN.—This establishment, as will be seen from a notice in our advertising columns, has passed into the hands of Mrs. Riviere, who undertakes to supply her customers with the best cigars and tobacco. During the summer months ice creams and other refreshing beverages will also be dispensed.

TOWED DOWN.—The ship Aquila, Sayward, with a cargo of 1,800 tons of coal, was towed down from Nanaimo on Sunday by the Fideliter, to below Race Rocks, and sailed on Monday morning with a fair wind for San Francisco.

HIS EXCELLENCY the Governor will visit Leech River to-day and examine the mining operations being carried on in that locality. We understand that His Excellency will remain two days at the diggings.

THE CITY COUNCIL held no meeting last night, adjourning till Monday evening next.

MR. PALMER'S CONCERT.

The Complimentary Benefit Concert tendered to Mr. Digby Palmer and his family by Mrs. Kennedy, Mrs. Harris and the ladies of Victoria, came off last evening in the theatre, and was in every respect eminently successful. The house was comfortably filled with a most select and appreciative audience, His Excellency the Governor and family and Mrs. Wakeford occupying their usual box. The performance commenced with the overture "La Dame Blanche" by the Orchestra, which included Messrs. Sandrie, Palmer, Wilson, Bushell and the best instrumental talent in the city professional and amateur. This fine piece of composition by Boildieu was well executed and loudly applauded. "Come into the Garden Maud," Balfe's well known song, was sung with taste and feeling by Mr. J. B. Harries, but the music is somewhat beyond the approach of most amateurs and is perhaps too much identified with England's tenor Sims Reeves to make it a desirable song for a non-professional. Mendelssohn's fine vocal duet "I would that my love," sung by Mrs. Willis and Mr. Hill received a loud encore, when the same lady and gentleman favored the audience with the popular duet "What are the wild waves saying." Both duets were very favorably received. Miss Alice Palmer followed with Wallace's charming air "Sweet Spirit hear my prayer." This being her first appearance in public, the young *chanteuse* was at first a little nervous, but soon recovered her self possession, and rendered the second verse exceedingly well. She was rewarded with a rapturous encore, when she gave the plaintive touching ballad, of "Home, Sweet Home," improving in voice as she proceeded. Miss Palmer's voice is a clear soprano, and with careful tuition she will make a fine singer. Ascher's "Nocturne," a solo performance on the pianoforte by Miss Pitts was a most finished performance. This lady displays great power of execution and lends an additional charm to her performances by her pure and refined taste. She was most deservedly encored and gave "The band passes" by Berger, a perfect musical gem. The music of Bellini's grand opera Norma is ever a welcome addition to a programme, but it is seldom that we have listened with greater pleasure to the charming duet "Mira O'Norma" than we experienced last night. Mrs. Searby and Mrs. Moore were rewarded with thunders of applause, which continued until they reappeared and sang Glover's beautiful duet "Gently sighs the breeze," in which they were equally effective. A pianoforte duet from "William Tell" arranged by Gantz, was artistically and gracefully executed by the Misses McDonald who likewise received the loud approbation of the audience. This concluded part the first.

After a few minutes' intermission the second part commenced by the performance of Adam's overture "Le Chalet" by the orchestra, in very good style. Mr. Lumley Franklin followed with Byron's beautiful song "Adieu, adieu, my native shore" the music being composed by himself. The air was a sweet plaintive melody, in excellent keeping with the sentiment of the verses, and was given by Mr. Franklin with taste and effect. The singer received an *encore*, and repeated a verse of the song with much applause. "Winds gently whisper" the favorite old trio, was next given by Messrs. Redfern, Bagnall and Hill, and was very well sung, the three voices blending most harmoniously, and the time being excellent. Mr. Rhind accompanied very skillfully on the piano. This piece was much applauded. Mr. Armagnac came next with a "Romance" by M. Romagnesi, a fine old French *Chant du Guerre*, and sang by M. Armagnac with much spirit and good taste, bringing down a hearty encore. Mrs. J. Swainson Willis, the well known and highly finished pianiste then delighted the audience with a "*morceau de salon*," by Vincent Wallace. The brilliancy of this lady's execution, her refined judgment and silvery touch have been the theme of former praises. As a matter of course an encore was insisted upon and cheerfully granted. The gem of the evening, if the vociferous and deafening cheers which rung through the house after its conclusion indicated the popular taste, was Balfe's "Merry Zingara" by Mrs. Moore. The ease and sweetness with which this lady reaches (we believe) up to B shows that she possesses a soprano voice of no ordinary compass and power. For the encore Mrs. Moore sang in a charming manner the Irish melody of Kathleen Mavourneen.

The cornet duet between Professor Wilson and Mr. J. B. Harries was admirably done, and called forth an encore. This concluded the programme, the orchestra winding up the entertainment with the National Anthem, the solos being taken by Mrs. Robert Moore, Mrs. Searby, and Mr. Lumley Franklin. The concert on the whole was most gratifying, the assemblage of both amateur and professional talent being at least equal to any previous occasion, and the performance generally giving complete satisfaction to the audience. The beneficiary presided at the piano with his accustomed ability.

SHOOTING AFFRAY—TWO MEN WOUNDED. Last evening about eight o'clock, Mr. Seelie, hotel keeper, near James Bay Bridge, and a Portuguese named Manuel, employed by him, were both shot by a man named Dillon, and severely wounded, Mr. Seelie receiving a ball through the fleshy part of the abdomen, and Manuel being shot through the knee. It appears that Dillon, who is a cabinet maker, and has a shop on Humboldt street, a few doors from Government street, is crazy, and is subject to occasional violent paroxysms of rage, during which he assaults any one he happens to meet. Last evening, in one of these fits, he sallied out armed with a small revolver, and began abusing Seelie, alleging that the latter had poisoned him, and at length, drawing his pistol fired at him, the ball striking him about the navel, and glancing round under the skin till it lodged in his side. Manuel ran to Seelie's assistance, but was also fired at by the infuriated maniac, the ball passing through his knee, but fortunately breaking no bones. Dillon was at once seized by Seelie and a bystander, but managed to discharge a third shot at some young men passing on the opposite side of the street, though happily without effect. A gentleman who happened to be passing on horseback at the time, at once rode up to the police barracks, and gave information of the occurrence, when Sergt. Wilmer hastened to the spot, and arrested the would-be murderer and conveyed him to gaol. Dr. Powell was speedily in attendance on the injured men, and dressed their wounds, which fortunately are not serious. The ball, a small pellet about the size of a buckshot, was readily removed from Mr. Seelie's side. Had it taken a different course, however, he might have been killed. Dillon, who is the same man who was reported missing a short time ago, was generally believed to be insane, and when the fit was on him, was the terror of the neighborhood, having frequently committed violent assaults on persons who happened to come near him. If his dangerous character was as well known as it seems to have been, the authorities are to blame in allowing him to remain at large, endangering the lives of the people.

EXPLORATION.—An effort is being made we understand, by the merchants of Victoria to fit out another exploration expedition with a view to the discovery of gold in other localities of the Island than those in which it is at present known to exist. Movements like these should receive the hearty support of all interested in the prosperity of the colony, as indications all point to the existence of large deposits of the precious metal somewhere on the island, and it is the opinion of geologists that the mountain range forming the backbone of Vancouver Island is rich in mineral treasures from one extremity to the other.

HOUSE OF ASSEMBLY.

Monday, May 8.

House met at 3:15 p. m. Members present—Messrs. DeCosmos, M'Clure, Franklin, Dickson, Dennes.

CIVIL LIST RESOLUTIONS.

The Speaker read the message from His Excellency (already published in our columns) acknowledging the reception of the resolutions passed by the House.

The communication was referred to Committee on Supply.

CHURCH RESERVE.

Mr. DeCosmos gave notice that on Wednesday next he would move that an address be presented to His Excellency the Governor inquiring whether he had taken any steps to preserve the Church Reserve as a public square in accordance with an address of this House dated June 27th, 1864.

THE DREDGER.

Mr. DeCosmos gave notice that on Wednesday next he would move that a Committee of four be appointed to report forthwith on the manner in which the Dredger and other apparatus for improving Victoria harbor is managed.

GOVERNOR'S RESIDENCE.

Mr. DeCosmos asked the Speaker if the report was true that the Governor had bought Cary Castle as a residence.

The Speaker said he had no information on the subject.

Mr. DeCosmos said in giving his vote for the appropriation of the money he had done so with a distinct understanding that it should be spent among the mechanics and others in the city. (Hear, hear.)

IMPRISONMENT FOR DEBT.

The House went into Committee on Mr. Dennes' bill to amend the law as to imprisonment for debt, Dr. Dickson in the chair.

Mr. Dennes said the object of the bill was to abolish imprisonment for debt. Clause I enacted that plaintiff arresting should give a bond for $500, 48 hours after the arrest, but he proposed to make the bonds be given before the arrest. He would therefore move an amendment to that effect.

Mr. Franklin was in favor of the principle of the bill but was afraid the proposed amendment might interfere with the strict rights of the creditor.

Mr. DeCosmos said the amendment would do away with a great deal of false swearing, &c., and he would therefore support it.

The amendment was carried.

Clauses 2 and 3 in regard to the bond being given after arrest were struck out.

Clause 4 providing that the bail shall not require that the person to be arrested shall not attempt to go out of the colony, but merely that he will perform or abide by the orders to be made in the suit or appear personally when wanted, was passed.

The Committee here reported progress on the bill to enable the mover to draw out some amendments.

DESCENT OF REAL PROPERTY.

The Committee took up this bill to make provision for the descent of the real property of Intestates.

The bill was gone through clause by clause and reported it as complete.

FRANCHISE ACT.

Mr. M'Clure's bill to amend the law relating to the representation of Vancouver Island came up before the committee.

Clause 1, changing the term of residence from four months to three months, to make it uniform with the other clauses of the bill, was passed.

Clause 2, fixing the term of occupation of the necessary qualification at three months, instead of six, was passed.

Clause 3, provides that any member of the House absent for ten days during any month without leave of the House shall forfeit his seat.

Mr. DeCosmos would rather vote for a fine of $10 on every member absent without leave.

Dr. Helmcken thought the House got much better on with business when only a few members were present.

The clause was carried by the casting vote of the chairman (Dr. Dickson).

Clause 4, amending the form of oath to be taken by voters to the effect that they should be possessed for three months previous to the time of election of the necessary qualification, was passed.

Mr. Dennes moved that the clause in the Franchise Act requiring members of the House to be possessed of a qualification of £300 be struck out.

Mr. DeCosmos supported the amendment. The Legislative Council sat without any qualification, and he did not see why the members of the Assembly should not do so also.

The amendment was carried. Dr. Helmcken dissenting.

Mr. Dennes moved that clauses 9, 10, and 11 of the Act be struck out, requiring that members be present at the election to take the oaths of qualification. He had experienced the evils of the present act himself (a laugh).

Dr. Helmcken thought the House had better strike out the words "felon" and "outlaw," and make the Act perfectly free to everybody (a laugh).

The amendment passed, Dr. Helmcken dissenting.

The committee then rose and reported the passage of the bill.

ESTATE OF DECEASED PERSONS.

The bill to make better provision for the custody of the estate of deceased persons was read a second time and sent to committee.

THIRD READINGS.

On Wednesday the Descent of Real Property Bill and the Franchise Bill will come up for a third reading; the Gold Mining Bill for a second reading; and in committee, Imprisonment for Debt, Postal Service, and Law of Evidence Bills.

The House adjourned till to-morrow (Tuesday), when the question of salaries in the Civil List will come up.

NANAIMO NEWS.

[COMMUNICATED.]

NANAIMO, 4th May, 1865.

THE GOOD TIME COMING.

Times are good here in the way of trade; business of every kind seems to be improving. Unlike many of the residents of the "Capital," the folks here have faith in the country, and that its resources and demands will ere long be found sufficient to combat the present depression, and to clear away the general stagnation experienced throughout the country.

THE COAL TRADE.

We have here an area of coal field enough for the supply of the whole coast for an indefinite period, and the indications are that, if warranted by the market, the Vancouver coal Company will prosecute works for the production and delivery of ten-fold the quantity of coal now annually taken away. With the addition of new works at Harewood, and consequent employment of a great number of men, a large increase in the trade of this town is looked for; indulging this hope, Nanaimoites are tenacious of their prospects, and consider themselves safe from bankruptcy. Another somewhat favorable omen to Nanaimo is the anticipation of the mail steamer about to run to New Westminster, calling here to coal, which of course would tend to brighten things a little. Our harbor and wharves have presented quite a busy appearance of late.

IMPROVEMENTS.

Not the least feature in the catalogue of improvements recently made at Nanaimo, may be classed the ways and shipyard of Mr. Bolton, at which every facility is afforded for the repair or building of vessels.

ABRAHAM LINCOLN.

The life and history of this great, good and honest man, formed the subject of a highly instructive lecture delivered by the Rev. E. White, in the Wesleyan Sunday School Room, on Tuesday night last. The lecture was intended for the children of the Sunday School, but the well known ability of the reverend lecturer rendered it equally interesting to "children of a larger growth."

SUMMARY COURT.

[BEFORE CHIEF JUSTICE CAMERON.]

Lindsay & Fisher v. D. Scott.—This was an action for the recovery of damages for the alleged sale at auction by the defendant of goods of the plaintiffs below the limits. His Honor held that the plaintiffs had previously accepted sales below the invoices, and that action was binding unless strict orders had been given to adhere to the limits. He therefore ordered a non suit to be entered.

Daly v. Bell.—Plaintiff, who is the well known chimney excoriator and bill sticker, sued Mr. A. D. Bell, one of the secretaries of the Free Port committee at the recent election contest, for the amount of his bill for posting placards. Mr. Green, for the defence, not being present, the case was postponed until Monday next, much to the disgust of the Professor, who inveighed against his valuable time being thus wasted.

Alport v Southgate.—This suit for the recovery of $32 50 for services rendered to the same committee, came up again for hearing, Mr. Bishop for the plaintiff, and Mr. Green for the defendant. The following witnesses were examined: Messrs. A. D. Bell, C. B. Young, R. Jacob and Hemingway, and His Honor reserved his judgment. We understand that several similar actions await the issue of the present suit.

PIONEER RIFLE COMPANY.

TO THE EDITOR OF THE BRITISH COLONIST.—You ask in your issue of yesterday morning, "What has become of the Pioneer Rifle Company which at one time promised to become a very efficient and soldier-like body? Surely the enthusiasm and military ardor of our colored citizens have not all evaporated." Allow me to inform you Mr. Editor, with all respect, that their enthusiasm and ardor so far as this colony is concerned has evaporated. The mean and scandalous manner in which they were treated upon the advent of Governor Kennedy is still fresh in their minds. Having as much human nature under their dark skins as others of a paler hue, they cannot readily forget the snubbing they received on that occasion. Although being the first (as their name indicates) military organization on the Island, after having gone to great expense in purchasing land, building a hall, paying a drill master, and supplying themselves with uniforms, and although having taken the oath of allegiance to her Majesty, they were by a direct vote of a Committee (composed of British subjects) for His Excellency's reception, prohibited from forming part of the procession to receive him. Nor is this all—there has ever been a studied effort to ignore their existence, to dampen that "ardor" and chill that "enthusiasm" for which you enquire. The Volunteer Rifles though last in the field and well able financially to sustain themselves, have had a handsome sum voted them by the House of Assembly, the barracks given them for drill purposes, with every other stimulant necessary to foster efficiency. In a word, Mr. Editor, the authorities seemed ashamed of us, and we were disgusted at them. But why this enquiry?

Yours respectfully,
POST CAPT., PIONEER RIFLE CO.

THE ST. ANDREW'S SOCIETY hold their quarterly meeting to-night at 8 o'clock in the Police Court room.

MESSRS. M. W. WAITT & CO. have just received from Messrs. Oliver Ditson & Co., of Boston, a choice selection of New Music, and have made arrangements with them to have forwarded by every express all kinds of new and popular songs, instrumental sheet music, and instruction books, violins, flutinas and accordeons, etc., etc. *

THE WORD "SOZODONT," which is fast becoming a household word, is derived from the Greek and composed of two words, *Sozo* and *Odontes*, "Sozo," translated means to preserve, and "odontes" the teeth. "Sozodont," a preserver of the teeth. And it is true to its name. For beautifying and preserving the teeth, hardening and invigorating the gums, and correcting all impurities of the breath, it is without a peer in the world.

Sold by Druggists and Fancy Goods Dealers everywhere. 75 cents per bottle. *

NOTA BENE.—Notwithstanding that Mr. F. W. CAVE, Surgeon Dentist, Trounce alley, Government street, is now the only mechanical practitioner in Victoria, he still continues to charge old country prices for the execution of the various items of his profession. Mr. F. W. Cave, being well posted in the newest appliances and discoveries in Dentistry, is thoroughly qualified as a Dental Surgeon. *

HOLLOWAY'S PILLS.—A Remedy for Bilious and Liver Complaints.—Those who suffer from bile and liver complaints should try the effects of this valuable remedy, a few doses of which will make the sufferer feel elastic and vigorous, remove all impurities, give a healthy action to the liver, and strengthen the stomach. If bilious attacks be allowed to continue without using such a preventative, more serious casualties may arise, and the sufferer be consigned to a bed of sickness. Holloway's Pills are an extraordinary remedy, acting immediately in the removal of acidity of the stomach, indigestion, debility, and nausea, preparing the food thoroughly for assimilation, rendering each tributary organ perfect in its function, and stimulating the kidneys.

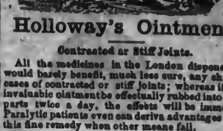
The Infallible Remedy.



Holloway's Ointment.

Contracted or Stiff Joints.

All the medicines in the London dispensaries would barely benefit, much less cure, any chronic cases of contracted or stiff joints; whereas if this invaluable ointment be effectually rubbed into such parts twice a day, the effects will be immense. Paralytic patients even can derive advantages from this fine remedy when other means fail.

Scorbutic Humours.—Scald Head and Skin Diseases.

Scorbutic humors arise from an impure state of the blood, and in most cases the liver and stomach are the organs at fault. The Pills will speedily restore these to a healthy action; while the Ointment if well rubbed in at least twice a day, will soon cure any case of skin disease. Soldiers, sailors, and miners, use this famous Ointment in all parts of the world.

Disorders of the Kidneys, Stone and Gravel

In any of the above complaints more benefit may be derived in twenty-four hours by adopting the following simple means than is frequently brought about in six months by any other treatment. In bad cases if the Ointment be rubbed into the small of the back over the region of the kidneys, it will quickly penetrate, and, in most instances, give immediate relief. Six or eight of the Pills should be taken nightly according to circumstances.

Diptheria, Sore Throats, &c.

These maladies are of so serious and dangerous a nature that the Ointment would not be recommended unless the Proprietor was sure of its effect. It will cure when every other means have failed, if applied immediately, and not delayed until the patient is beyond recovery. It is a sovereign remedy for sore throat. Settled Coughs or wheezing will be promptly removed by rubbing in this unguent. Mothers should rub it into the chest of their infants whenever there is any hoarseness, tightness, or other affection of breathing.

Bad Legs, Bad Breasts.—Old Wounds, Sores and Ulcers.

It is surprising how quickly a sore, ulcer, or wound, deprives the body of strength, and unfits it for the duties of life; but it is no less wonderful to watch the effect of Holloway's Healing Ointment, when it is used according to the printed directions, and assisted by appropriate doses of the Pills. The pain, inflammation, and other morbid manifestations, soon disappear from the affected part and health and strength return.—This treatment creates sound flesh, and therefore makes its cures complete.

Gout and Rheumatism.

Will be cured with the greatest certainty if large quantities of the Ointment be well worked into the complaining parts. This treatment must be perseveringly followed for some time and duly assisted by powerful doses of Holloway's Pills. The essence of these diseases lies in the blood, which has floating through each vessel the pain-giving poison which vitiates and inflames every tissue it comes in contact with, and produces the hot, swollen, elastic enlargement about the joints so characteristic of gouty and rheumatic maladies.

Both the Ointment and Pills should be used in the following cases:

Bad Legs
Bad Breasts
Burns
Bunions
Bite of Mosquitoes and Sand-Flies
Coco-bay
Chiego-foot
Chilblains
Chapped Hands

BENSON'S WATCHES & CLOCKS

WATCH AND CLOCK MAKER, BY SPECIAL APPOINTMENT, TO HIS ROYAL HIGHNESS THE PRINCE OF WALES.

Opinions of the London Press upon Benson's Great Clock and Watches in the Exhibition, 862

"As a sample of English clock-work on a large scale, the works of this are probably the finest finished that have ever been seen in this country. No Chronometer could be fitted with more perfect or carefully adjusted mechanism.—*Times*, June 11, 1862.

"A triumph of ingenuity.—*Telegraph*, March 31, 1862.

"A more splendid and exquisitely finished piece of mechanism we have never seen."—*Standard*, June 7, 1862.

"Some of them are of great beauty, and if the English watch trade only follow up with the same spirit and success this first attempt to compete with foreigners in decorative watches, there seems to be no reason why we should not get the trade entirely into our own hands."—*Times*, June 23, 1862.

"Ranged around the base of the clock were the Watches which Mr. Benson exhibited, and which have been universally admired for the beauty and elegance of the designs engraved upon them. The movements are of the finest quality which the art of horology is at present capable of producing. The clock and watches were objects of great attraction, and well repaid the trouble of an inspection."—*Illustrated London News* November 8th, 862

HOLLOWAY'S PILLS AND OINTMENT.—Diseases of Women.—Medical science in all ages has been directed to alleviate the many maladies incident to females, but Professor Holloway, by diligent study and attentive observation, was induced to believe that nature had provided a remedy for those special diseases; he has, after vast research, succeeded in compounding his celebrated Ointment and Pills, which embody the principle naturally designated for the relief and cure of disorders peculiar to women of all ages and constitutions, whether residing in warm or cold climates. They have repeatedly corrected disordered functions which had defied the usual drugs prescribed by medical men, and still more satisfactory is it, that the malady is relieved completely and permanently.

HOLLOWAY'S PILLS AND OINTMENT.—Indigestion Acidity on the Stomach.—These corrective and purifying Pills, assisted by the external application of the Ointment, will subdue these troublesome disorders, though assuming an infinity of forms, and under each disguise mocking the skill of the wisest physicians. Their first action is to clear away all obstructions, purify the blood, regulate the secretions, and give tone to the stomach, and energy to the system generally. The cure they effect is not temporary or imperfect, but they work a most marvellous and beneficial change throughout the entire body, and enable it, with renovated powers, to resist the approach of future attacks on stomach or liver. They act, likewise, most wholesomely on the kidneys, spleen, bowels, circulation, and nerves.

HOLLOWAY'S PILLS.—This medicine has been constantly increasing in public estimation for years, and is now acknowledged to be the most wonderful remedy in the world. It acts directly on the system, removing all obstructions from the stomach, renovating the springs of life, and purifying the blood, eradicating liver complaints—that mainspring of so many diseases—indigestion, loss of appetite, pain in the side, and general debility. It is also a remedy on which the asthmatic may place the greatest dependence, and obtain perfect restoration to health. The hypochondriac and dyspeptic should resort to these invigorating Pills, which are capable of converting the gloomy shadows of their life into beaming sunshine, and bringing back those naturally happy thoughts engendered by a good digestion.

HOLLOWAY'S PILLS.—Let the sick take heed.—The stomach is the commissariat of the physical system. It furnishes the material sustenance of every organ. If disordered, the whole body languishes; but however severely it may be affected, its tone and vigour may always be restored by a course of these irresistible Pills. Billiousness, indigestion, liver complaints, and other disorders of the stomach, can easily be cured by the use of Holloway's Pills. Thousands attest this assertion, and no sufferer that has ever tried them will deny their supreme efficacy. In every case of stomach disease, from the mildest case of dyspepsia to the disorder of both liver and stomach, from the nausea of the free liver to the vomiting accompanying ulcerated stomach, these Pills immediately relieve, and, by perseverance, effectually cure.

HOLLOWAY'S PILLS.—A certain cure for Headaches, Bile, Loss of Appetite, and Lowness of Spirits.—These Pills can be taken without danger from wet and cold, and require no interruption from business or pleasure. They act mildly on the bowels, strengthen the stomach, and promote a healthy action of the liver, whereby they purify the blood, cleanse the skin, brace the nerves, and invigorate the whole system. They effect a truly wonderful change in a debilitated constitution, as they create a healthy appetite, correct indigestion, remove bile, giddiness, headaches, and palpitation of the heart. Plain directions for the use of this medicine, at once so mild and efficacious, are affixed to each box.

HOLLOWAY'S PILLS.—These Pills are more efficacious in strengthening a debilitated constitution than any other medicine in the world. Persons of a nervous habit of body, and all who are suffering from weak digestive organs, or whose health has become deranged by bilious affections, disordered stomach, or liver complaints, should lose no time in giving these admirable Pills a fair trial. Coughs, colds, asthma, or shortness of breath, are also within the range of the curative powers of this very remarkable medicine. The cures affected by these Pills are not superficial or temporary, but complete and permanent. They are as mild as they are efficacious, and may be given with confidence to delicate females and young children.

HOLLOWAY'S PILLS AND OINTMENT.—Dyspepsia, Disordered Digestion.—Some persons are particularly prone to stomach and liver complaints; while in others these diseases are produced by sedentary habits, irregular living, or mental disquietude. The liver and stomach being distempered, the heart and lungs soon sympathise with them, and both mind and body shortly suffer. These admirable Pills act directly on these organs, and soon restore them to a natural and healthy condition. The impurities are discharged from the system, the respiratory organs are relieved, the heated blood cooled, and the bilious secretion regulated, the heart's action becomes tranquil, the nerves acquire strength, and health benignly dawns again, happiness returns, and the patient is thoroughly restored to easy digestion, cheering thoughts, and refreshing repose.

Newly Discovered Principles in Purgatives.

Dr. Radway's Pills are the best Purgative Pills in the world, and the only Vegetable Substitute for Calomel or Mercury ever discovered. They are composed of VEGETABLE EXTRACTS FROM ROOTS, HERBS, PLANTS, GUMS, SEEDS, FLOWERS, BARKS, FRUITS AND WEEDS, PREPARED IN VACUO.

One grain of the extract of the medicinal properties of Radway's Pills, possess a greater curative power over disease than a thousand of the crude and inert materials that enter into all other pills in use. These Pills are compounded of the active medicinal properties of the Roots, Herbs, Plants, Flowers, Gums, &c. of which they are composed. One dose will prove their superiority to all other pills. They are Aperient, Tonic, Laxative, Alterative, Stimulant, Counter Irritant, Sudorific.

AS EVACUANTS,

They are more certain and thorough than the Drastic Pills of Aloes, or Croton or Harlem Oil, or Elaterium; and more soothing and healing than Senna, or Rhubarb, or Tamarinds, or Castor Oil.

IN SUDDEN ATTACKS OF

Inflammation of the Bowels or Stomach, Liver, Spleen, Pancreas or Kidneys, Bilious Cholic or Bilious Fever, Erysipelas or Congestive Fever, Small Pox, Measles, or Scarlet Fever,

SIX TO EIGHT OF DR. RADWAY'S REGULATING PILLS WILL PURGE THESE DISEASES FROM THE SYSTEM IN SIX HOURS.

One dose of Dr. Radway's Pills will cleanse the intestinal canal, and purge from the bowels all offending and retained humors, as thoroughly as lobelia or the best approved emetic will cleanse the stomach, without producing inflammation, irritation, weakness,

STRAINING,

or other unpleasant symptoms. There are no other purgative pills in the world that will secure this desideratum.

BETTER THAN CALOMEL OR BLUE PILL.
BETTER THAN CALOMEL OR BLUE PILL.
BETTER THAN CALOMEL OR BLUE PILL.

AS ALTERATIVES,

They exercise a more powerful influence over the liver and its secretions than calomel, mercury, blue pill, hence their importance in cases of Liver Complaints and Spleen Difficulties, Jaundice, Dyspepsia, Bilious attacks, Headache, &c. In the treatment of Fevers, either Bilious, Yellow, Typhoid, and other reducing Fevers, they are superior to quinine. Their influence extends over the entire system, controlling, strengthening, and bracing up the relaxed and wasting energies, and regulating all the secretions to the natural performance of their duties, cleansing and purifying the blood, and purging from the system all diseased deposits and impure humors.

By taking a few doses of the common Drastic Pills—that gripe and pinch you when they operate—you may obtain temporary relief; but if you stop taking these imperfect pills for a week or a month, your old complaint returns. Now, this is not the method of cure indicated by Dr. Radway's Pills. They make a perfect cure, and the patient will not require any more medicine.

PILES, STRAINING AND TENESMUS,
PILES, STRAINING AND TENESMUS,

Are the results of inflammation or irritation of the mucous membrane of the bowels, induced by drastic pills—these imperfect pills, instead of being dissolved by the chile, are carried to the lower bowels, and induce a peristaltic movement or evacuation by their irritation—hence the straining, cramps, wrenching pains, piles and tenesmus, and the frequent false calls to the water closet, that patients undergo who take these imperfect pills.

If you would avoid these annoyances, whenever a purgative medicine is required, take a dose of

RADWAY'S REGULATING PILLS.

THEY WILL PURGE THOROUGHLY AND LEAVE THE BOWELS REGULAR.

Persons afflicted with Piles, may rely on a positive cure by their use.

In all cases of Bites of Rabid Dogs, Reptiles, Stings of Poisonous Insects, the application of RADWAY'S READY RELIEF to the wound will prevent inflammation and mortification.

FEVER AND AGUE.

Persons exposed to the Malaria of Ague, or if seized with Chills and Fever, will find a positive Antidote and Cure in Radway's Ready Relief. Let two teaspoonsful of the Ready Relief, in a wineglass of water, be taken on getting out of bed in the morning, and however exposed to malaria you will escape.

WHEN SEIZED WITH

CHOLERA, or Diarrhoea, or Flux,
Dysentery, Cramps, and Spasms;
Bilious Cholic, or Gastritis;
Scarlet, Typhoid, or other Fevers;
Influenza, Coughs, or Colds;
Inflammation of the Stomach or Bowels;

RADWAY'S READY RELIEF

SHOULD BE TAKEN INTERNALLY.

One dose will stop the pain; its continued use will, in a few hours, cure the patient.

HOW IT CURES.

The secondary indication of RADWAY'S READY RELIEF is to cure the patient of the disease or malady that occasions the pain; this it accomplishes rapidly and radically. So swift is the patient transformed from pain, misery, weakness, and decrepitude, to the delightful enjoyment of health and strength, that patients frequently ascribe its talismanic power to the supernatural influence of enchantment.

RHEUMATISM, LUMBAGO, GOUT, NEURALGIA, TOOTH ACHE, CROUP, INFLUENZA, SORE THROAT, QUINZY, DIPTHERIA, HOARSENESS, BRONCHITIS, STIFF JOINTS, ENLARGED TENDONS, HEADACHE, (Sick or Nervous,) ASTHMA, or HARD BREATHING.

It is truly marvellous how quick RADWAY'S READY RELIEF cures the sufferers of these maladies. The poor, crippled, and pain-stricken Rheumatic has not to wait days before a change takes place, but in a few minutes derives ease and comfort.

LONDON TIMES.

Twenty Years of Sleepless Nights.

Wm. Sydney Myers, Esq., of Havana, Cuba, the correspondent of the London Times, suffered with Acute and Chronic Rheumatism for twenty-five years, and for twenty years he had not enjoyed one whole night's calm rest. He applied RADWAY'S READY RELIEF—it immediately gave him ease and secured him the first calm and undisturbed sleep during the twenty years. The continued use of the READY RELIEF cured him.

PREVENTION BETTER THAN CURE.
THERE IS NO OCCASION FOR SICKNESS.

When you first feel pain, then take a teaspoonful of the READY RELIEF, in water; or apply it to the parts where you feel the discomfort.

ALL MALIGNANT DISEASES

first give warning of their presence, and if met promptly before they become securely intrenched within the system, will be readily expelled.

SIGNS OF SICKNESS.

Headache, Pains in the Limbs—in the Stomach, Bowels, and Kidneys—Cold Chills, and Hot Flushes, Coated Tongue, Burning Skin, Nausea, Shivering, Dullness, Loss of Appetite, Restlessness, Giddiness, &c., &c., are premonitory symptoms of Malignant Diseases. One dose of the READY RELIEF is sufficient to break up and expel diseased action, and restore the patient to health.

IN THE ARMY.

Dysentery, Bilious Cholic, Flux, Yellow, Typhoid and Malarius Fever, Rheumatism, Small Pox, Diptheria, Letters from Medical Directors, Surgeons, and Military Officers endorse the importance of RADWAY'S READY RELIEF over all other medicinal remedies.

EIGHTH MAINE.

Eighth Maine regiment, Serg't C. P. Lord, writes that Radway's Ready Relief saved the regiment from death while quartered at Tybee Island, S. C., when working in the swamps, erecting fortifications. Every man seized with Typhoid and other Fevers, Fever and Ague, Diarrhoea, Dysentery, Rheumatism, was cured by the use of the Ready Relief.
